§ 982.452 Disposition of restricted hazelnuts.

(a) *Shelling.* (1) Any person desiring to shell restricted hazelnuts during a fiscal year may do so upon being designated by the Board as an authorized sheller for such year. Application for such designation shall be made in duplicate on F/H Form B and include, in addition to the conditions specified in § 982.52(a), the following: (i) The location of the applicant's shelling operation; (ii) the number of years such person has operated a hazelnut shelling plant; and (iii) the daily (8-hour) shelling capacity of the plant. Designation of an authorized sheller shall be effected by the board manager signing the application form and returning a signed copy of the form to the applicant. Each such designation shall continue in effect during the particular fiscal year so long as the authorized sheller is in compliance with the requirements and conditions pursuant to § 982.52 applicable to authorized shellers.

(2) When an authorized sheller completes the shelling of a lot of restricted hazelnuts, the sheller shall submit a report thereon to the Board on F/H Form 7 showing: (i) The date shelling was completed; (ii) the inspection certificate or lot number; (iii) the quantity shelled; (iv) the weight of the kernels produced; and (v) the location where restricted hazelnuts were held immediately prior to shelling.

(b) *Exports.* Any handler who desires to act as agent of the Board in negotiating export sales of certified merchantable restricted hazelnuts may do so upon the execution of an "Export Agreement", F/H Form A, wherein the handler agrees, among other things, to negotiate such export sales at not less than such price as the Board may prescribe, and in conformity to and compliance with the other terms and conditions of the Export Agreement including those set forth in § 982.52(b).

(c) *Other authorized outlets.* Under the direction or supervision of the Board, a handler may dispose of restricted hazelnuts for charitable purposes and for promoting the consumption of hazelnuts on behalf of the hazelnut industry in general. The report required under § 982.67(b) following each such disposition shall be accompanied by a certification by the person receiving such hazelnuts from the handler that they will be used for charitable or promotional purposes, as authorized.

§ 982.453 Disposition of substandard hazelnuts.

The Board shall maintain a list of approved users who are crushers, livestock feed manufacturers, or livestock feeders, and of the locations of the facilities to which substandard hazelnuts may be shipped. Users interested in purchasing substandard hazelnuts or hazelnut waste must make prior application to the Board on F/H Form D to be included on the approved list of such users. Each handler who disposes of substandard hazelnuts to an approved user shall, upon shipment, report to the Board on F/H Form D1 the quantities disposed of or shipped. Substandard hazelnuts disposed of to an approved user may only be shipped directly to an approved location where the crushing, feed manufacture, or feeding is to take place. The Board may deny approval to any user application, or may remove any user from the approved list when such denial or removal is deemed necessary to ensure control over disposition of substandard hazelnuts. This may occur if the Board determines that substandard hazelnuts are not properly shipped to, or utilized at, approved facilities, in compliance with this requirement. F/H Form D includes the location and description of the disposal facilities to be used as well as a certification to the Board and the Secretary of Agriculture that the applicant will:

(a) Crush, manufacture feed, or feed to livestock such hazelnuts at the location;

(b) Use such hazelnuts for no other purpose than for crushing into oil,
